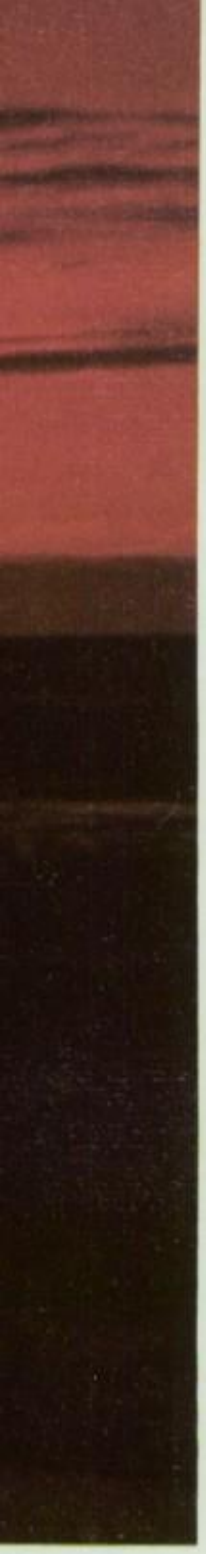
ON the road of experience
I'm trying to find my own way.
Sometimes I wish that I could fly away.
When I think that I'm moving
Suddenly things stand still
I'm afraid 'cause I think they always will.
And I'm looking for space
And find out who I am,
And I'm looking to know and understand.
It's a sweet, sweet dream.
Sometimes I'm almost there,
Sometimes I fly like an eagle and
Sometimes I'm deep in despair.



ALL alone in the universe,
Sometimes that's how it seems.
I get lost in the sadness and the screams.
Then I look in the center
Suddenly every thing's clear
I find myself in the sunshine and my dreams.
And I'm looking for space
And find out who I am,
And I'm looking to know and understand.
It's a sweet, sweet dream
Sometimes I'm almost there,
Sometimes I fly like an eagle and
Sometimes I'm deep in despair.

ON the road of experience
Join in the living day
If there's an answer, it's just
that it's just that way.
When you're looking for space
And to find out who you are
When you're looking to try and
reach the stars
It's a sweet, sweet, sweet dream
Sometimes I'm almost there
Sometimes I fly like an eagle but
Sometimes I'm deep in despair
Sometimes I fly like an eagle,
Like an eagle, I go flying
Flying. . .

To a real nice girl who is a little crazy at times, have a great summer partying and see your next year

THE STUNTMEN

The Stuntmen-the athletes. In all musical productions, stuntmen are used in many areas. Their athletic abilities help the cast to create a lively and interesting production. A play which is filled with action provides the audience with emotional response and excitement. The stuntmen's agility is found in many different aspects; some can run fast and some can jump high, but no matter what their ability, each stuntman has something to contribute. The stuntmen have achieved success and greatness through their part in the production. And they can truly say with confidence and pride. . . "WE ARE THE CHAMPIONS!"

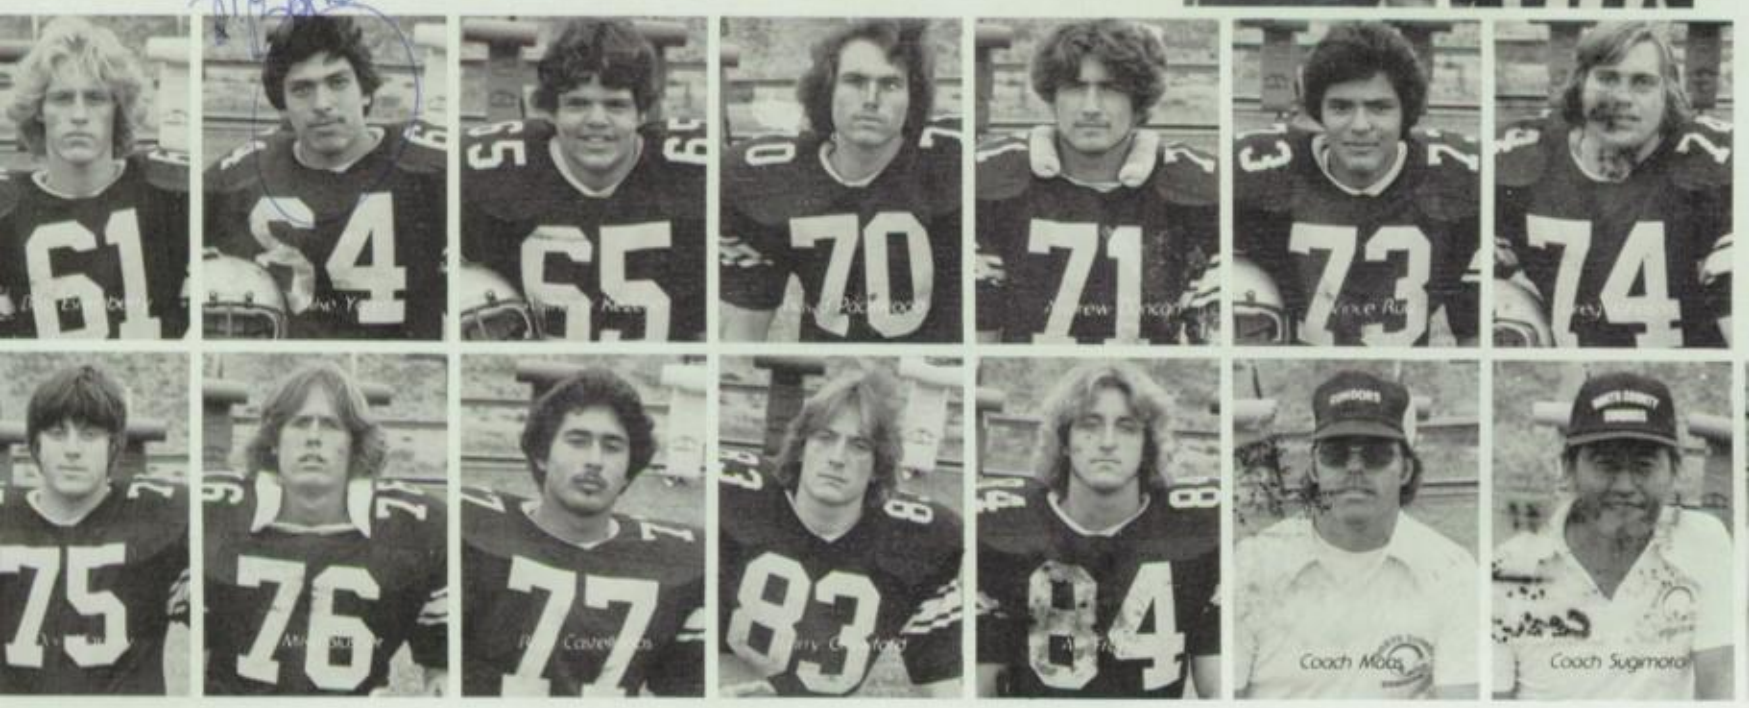
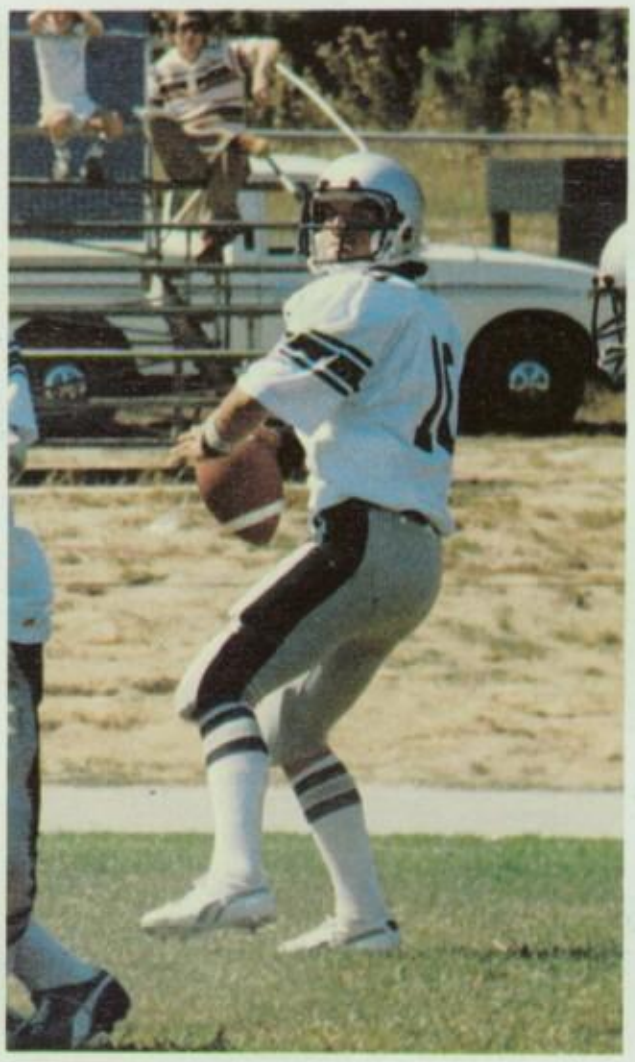
8. The varsity team stands attentively for the National Anthem, though anxiously awaiting the start of the game.



In the Mission Trails Athletic League, football competition was fierce. There was one team that stood high above all the rest. The Varsity Football team of North Monterey County High School was that team. It took many things to be claimed a great team. Enthusiasm would be number one. Not only have the Condors shown their enthusiasm on the field, but also at school rallies, of which there was one per week. The team had their own section of the bleachers in the gym and their spirit was high and mighty throughout each assembly. The Condors began the season with a head coach that was determined to bring a winner to North County, and win he did. Mr. Phil Mass worked with and for the football team until he had transformed them into the winners that were seen every game the Condors played during the season.

Coach Maas would be the first to admit that without a very strong coaching staff, there would not have been any league championship possible, and he was aided by the best in the West: Roger Sugimoto, Wayne Roberts and the very able Frosh-Soph coaches. They made us, through their cooperative efforts, a winner and a team to be reckoned with for years to come.

Along with enthusiasm and coaching, there was yet another factor that made the Condors a "great" team: the PLAYERS. Scores of injuries occured throughout the season. That did not interfere with their game plans. They knew that there were horses to take the place of horses. The most powerful part of the team was the "Front Seven". Art Frolli, Raul Castellanos, Don Harvey, Joe McGinn, Tom Perry, Hector Castellanos and Ron Yniguez snapped opponents without a moments hesitation. Though without every other player on the team, the Condors would not be the champions they are. Each player contributed his share of talent this past season. The team captains for the 1979 season were ***Hector Castellanos*** *and* ***Stan Claunch.*** *These two fine athletes maintained a sense of leadership that was easily appreciated by the rest of the team. The most important aspect of the Condor team was their pride. North Monterey County football players were proud of their tremendous success this season. They have proved that they are number one, and they are the champions.*



1. Joe King pushes his way through to lead the Condors on for a touchdown. 2. Tom Perry, one of North County's leading running backs, fights his way through the opponent's defensive line. 3. A powerful runner, Joe Olvera, makes his way through for a score. 4. Brian Liedel makes the extra point for North County. 5. Coach Mass shouts plays to the North County players on the field. 6. The Condor offense, led by quarterback Stan Clauch begins another outstanding play. 7. With the aid of James Moore and Art Frolk, Don Dove utilizes his abilities to put the Condors far ahead on the scoreboard. 8. With the blocking and force of the Condor offense, an extra point is scored. 9. Stan Clauch looks for an open teammate to make his pass complete. 10. Ronnie Yniguez and Raul Castellanos stand by while Hector Castellanos signifies that the Condors truly are NUMBER 1! 11. With the look of determination and enthusiasm, the Condors bust through to begin an explosive second half.

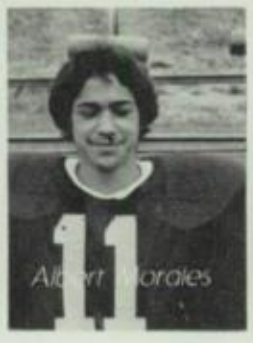
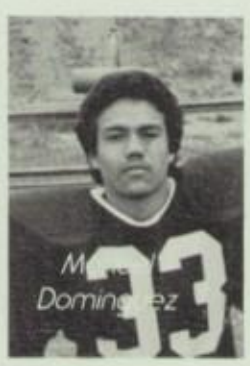
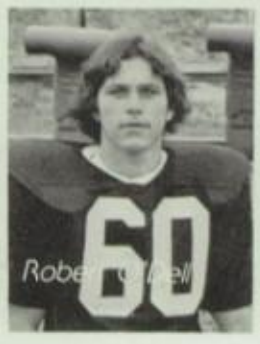
Frosh-Soph Football

Undefeared, barely scored upon, well-disciplined, a few words that described our mighty Frosh-Soph football team. With the enthusiasm that was shown by our future varsitymen, the next few years should hold many good fortunes. Their tremendous team effort and unity helped make the Frosh-Soph football team one to look out for. Under the guidance of Coach Speckman, his assistants, Coach Parkhurst, Coach Garret and Coach Gleen, our team learned new plays, new directions and an attitude that is conducive to winning, and winning is just what they did, with CLASS.

The future is bright for the Condors. The Frosh-Soph football team with their high spirit, their togetherness, their willingness to be coached and the guidance of our super leaders look toward a very bright and promising future.







1. Manuel Dominguez carries the ball while John Wright blocks. 2. With a stern facial expression, Craig Lyons looks upon the game. 3. Jimmy Brown slips away from a tackle. 4. Varsity Volleyball

The NMCHS Girl's Varsity Volleyball Team took the MTAL Championship to join the Condors winning ways. The volleyball team was 11-1 in league play, losing only to the Hollister Haybalers who were last year's MTAL Varsity Champions. Clinching the title meant a spot in the Region IV Playoffs. In the regionals, the North County's Varsity team faced the Alisal Trojans. Beautifully winning the first game, they fell to the Trojans the next three games to end a glorious season.

Each member of the Varsity team showed even more tremendous potential as the season progressed, working as a team. Everyone's great determination led this volleyball team to be such a success.

Monica Caraveo *and* ***Nikki Clare*** *were chosen MTAL All-LEAGUE Volleyball Players. Nikki developed into a strong spiker and improved significantly in her ability to block. An all around volleyball player, Monica improved throughout the season with her consistent serves, hardhitting spikes and with her good defensive coverage.*

The Big Black Wrestling Machine showed enthusiac and energic attitudes of winners. With an undefeated 4-0-1 league record, this Condor team established a vigorous reputation in competition.

Headcoach Dennis Carrocci comments "This is the finest group of athletes! This team has more unity and more pride in the program than any other team I have worked with."

Each and every member contributed their ability for a great season they had. Hector Castellanos (177), Ronny Yniquez (167), Don Harvey (Hvy), Joe McGinn (156), and Moses Suarez (112) continued their inspiration and went to CCS. THE SETTING

The Setting-Organizations. In all productions, no matter if it be a play, comedy, or musical, there is a very important factor. The setting is a must. Without a setting the true meaning of our productions is lost. For each scene there is a different setting. There are numerous settings. There are acedemic scenes with school being the setting with books as props. But for the most part the settings are for the actor's enjoyment. There is a surf club with the setting located at the ocean. And the Europe or Bust group carefully plans their trip, which will cross into a different world. The clubs display a togetherness which can make them proud to say "WE ARE FAMILY"

Ski Club

The North County Ski Club combined plentiful snow and a love of skiing to make its two trips to the mountains very successful events. Fifteen club members and five chaperones traveled to Lake Tahoe and spent the first three days of 1980 on the sunny slopes of Sqaw Valley. Their second trip was to Bear Valley during Easter Vacation and again North County Skiiers made themselves known along Hiberation Trail, National Run, and Porridge Bowl.

Girls Jazz Ensemble

The Girls' Jazz Ensemble offered a unique opportunity for music to be explored and performed that highlighted the tone quality of the woman's voice. New on campus, the girls performed popular music in the rock and jazz idiom, while also reaching into the past to breathe life into madrigal-style settings and early American folk songs. They have generated an atmosphere of positive exuberance from their outset, which has radiated throughout the department. This was demonstrated through their first successful venture, in which over fifty local merchants contributed merchandise for a fall drawing.

Interest in the new singing wing of the Music Department has run extremely high all year, and many students auditioned for the extra-curricular positions opened to them. Among these were girls' and mens' quartet, both in the barbershop mode. Members of the women's quartet are Renee Norwood-Soprano, Kim Kiner-lead, Karen Lizardo-Alto One, Marilyn Perham-Alto Two. The mens' quartet consisted of Mitchel Swaithes-Tenor, John Dickinson-Lead, Robert Hannah-Baritone, and Bill Dornan-Bass.

One of the Laser Club's goals is broadening our cultural base. We do this by reaching out and exploring ways of life that are different than our own, and at the base of these new environments are people. This semester, along with surrounding ourselves with experiences, we're going to look for life in what we've got right here. There are so many things we can give and get from each other. The members feel the others do too. We can do that by working together on projects that combine imagination and responsibility. We can work on expressing ourselves with photography which results in understanding the knowledge we gather. And gave a great time doing it.

& best wishes in the future
Mr. Bentley

The Plot activities. The backbone of all musical productions is the plot. Every production has one, therefore proving how essential a plot is. There is usually a main plot in musicals with several other plots going on within it. These activities provide the actors with enjoyment. There are cast parties for the actors to attend. Some cast parties are for dancing and some are for skating. Various breaktime activities add flair to the production. The plots add zeal to the actor's routines. We, the actors, can say "THESE ARE THE GOOD TIMES".

Rallies, Rallies, Rallies!!!

North County Rallies had everything from class competition to a pie in the face. Class competition consisted of such activities, as cheering with your class, passing peanuts on a spoon, and throwing bouncing balls in a plastic sack.

But thats not all, oh no, during one rally Coach Maas received a pie in the face by Quarter Back Stan Claunch. While Coach Maas was on top of the ladder, Stan would climb higher as the students cheered louder. Then during another rally the Senior class put on a play to get rid of all freshmen.

This proves that North County Spirit is one of a Kind!

6. The Seniors Class of "80" shows the underclassmen that they've got the spirit that can't be topped.
7. Terri and Laura support their class during a Pep Rally.
8. Balloons, balloons, Condors always fly higher!
9. Coach Maas introduces the North County Football team; also known as the ***M.T.A.L. Champs!***
10. Bonnie Casas is promoting spirit by supporting the Class of "81" during class competition.

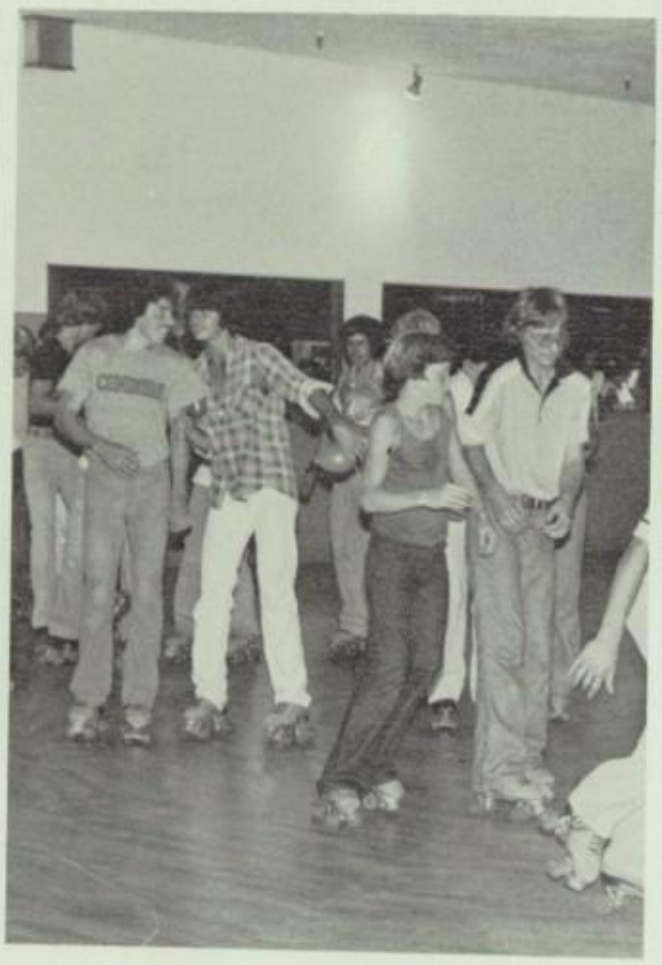
1. This is one kind of Condor Spirit that can't be heard.
2. I don't know about you, but I think Felix better get these two young ladies to pull themselves together.
3. I'm sure you've heard of the latest dance craze, disco on rollerskates.
4. Even after the students left the skating rink the spirit of North County still remained.
5. A human chain of three girls was one of the games played at the roller skating party.
6. "It's all skate time!" For those of you who don't know what that means, it means everbody skates.
7. "Swing your partner till she's down, then depart with your left skate down."

8. The hardest competition was trying to skate around the rink with a balloon between two people. But N.C. girls can do it with nothing to it.
9. "Around and around the rink we go, and how the dice fall nobody knows."
10. Now it's the guys turn to skate their way to victory with the human chain.

Condors On Wheels

What do you think of when North County students go roller skating? Falling, sore muscles, fun and more fun! Condors don't let anything get them down not even painful falls on the rink. Everyone just keeps going on, just as our spirit lingers through the rink even after we have left...



11. Is three company or is three a crowd? Come to our next skating party and skate trios!
12. An inside shot of the girls getting ready to skate in a chain around the rink.
13. Everyone has heard of disco dancing on rollerskates, but Ray attempts to sing while skating.
14. A happy rollerskater is a smiling rollerskater!
15. Skating around the rink with a balloon between two people has to be one of the hardest things to do. Perry has the answer up his sleeve.

1. North County has the beat that will make your feet move!
2. Rock 2, 3, 4, slide, slide. Rock 2, 3, 4, slide, slide.

10. Many people would stop and chat with friends while Mongoose took their breaks.
11. Guys, guys, and more guys. Who said their isn't anyone to dance with?

Welcome Back!!

The Get Aquainted Dance was a great way to start the year. It was a combination of meeting old friends and making new ones. The evening was a great success due to the popularity of the band "Mongoose"!

Everyone rocked to the music of Mongoose with the latest dance steps and styles; showing North County at its very best!

As the evening progressed more and more people got into the groove of things and started to dance. And from the looks of it, dancing is one of North County's favorite past times.

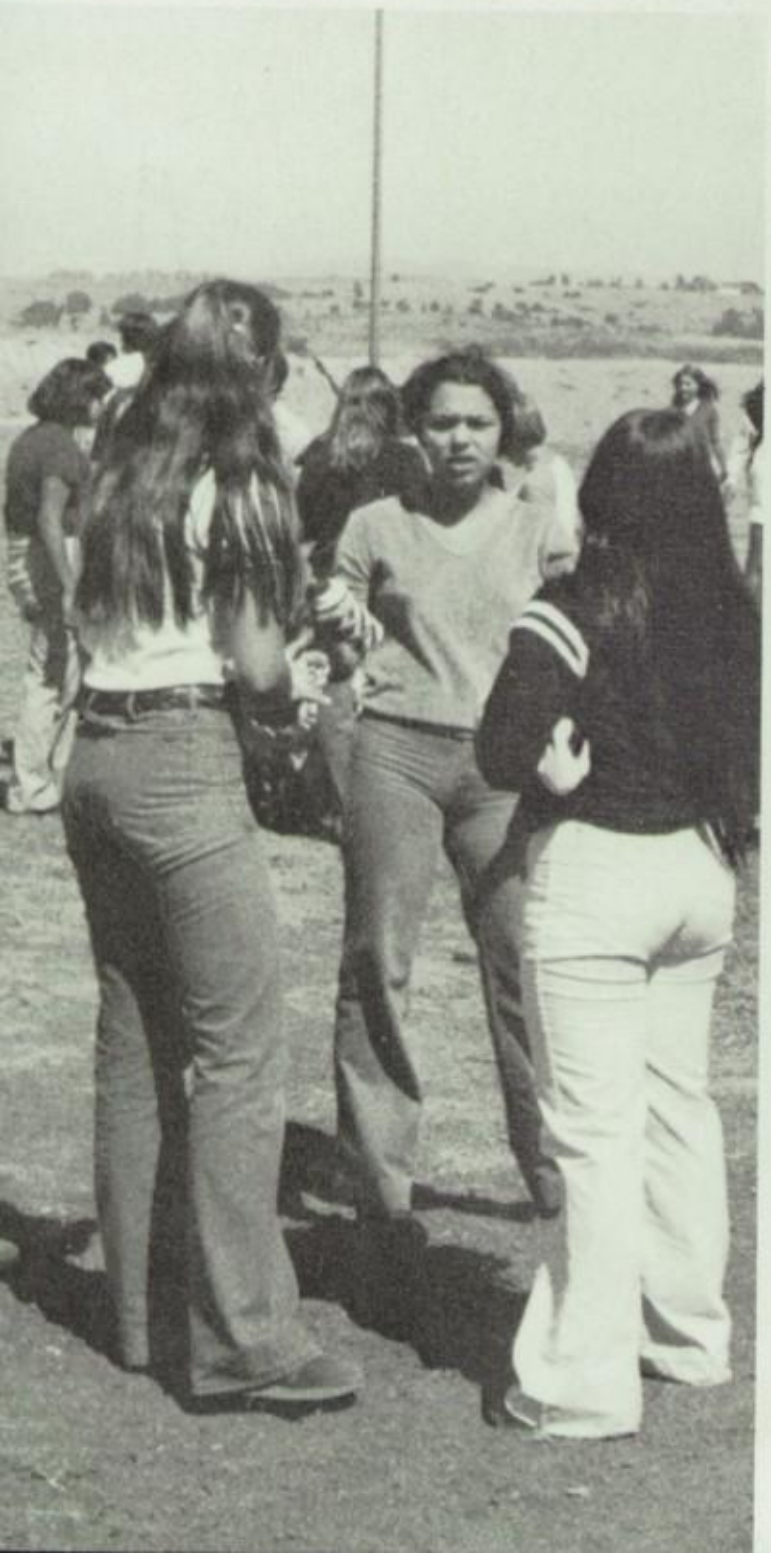
All in all the dance was the type of evening that memories are made of. . . .

12. Oh no! Anyone but him!
13. Give me a M-O-N-G-O-O-S-E! What's that spell? "Boogie"!!
14. As far as Holly and Richard are concerned it is just them and their shadow.
15. Everyone thought that they'd never ask!
16. Louis was amazed by the jams put out by Mongoose.
17. By the looks on their faces they are all having a great time!

Initiation

The first freshmen initiation turned out to be a success for the freshmen. The freshmen initiated the Seniors as well. Richard Wildt seemed to be the man in charge of the initiation. All the Seniors present were involved and showed the freshmen how the Class of "80" works. That's one day Mr. Martin won't forget! He was initiated by the Seniors as the first ever Senior class Advisor.

The water balloon fight was the most fun to watch as the Seniors bombarded the freshmen with a huge box of waterballoons. It seems that the class of "83" had only one balloon and were lined up against the fence. What a sight to see!



1. Lisa Greenawalt got her share of the shaving cream too!
2. One Condor down and a flock to go!
3. Just, a dab will do you!
4. That's a Condor for you, always sneaking up on their victims!
5. Wouldn't you know the Seniors would have things under control!
6. Now listen you guys, get the Freshmen not the seniors!
7. North County Seniors sometimes make a mistake but not too often!
8. A beautiful job done by none other than the class of "80".
9. Richard Wildt shows the warm and friendly way to welcome a freshmen.
10. Freshmen find time to wash their hair during freshmen initiation.
11. A case of mistaken identity!
12. Choosy Condors choose their victims very carefully!
13. That's not a Freshmen that is none other than Mr. Martin!

"Harvest Ball"

What do semi-formals, haybails, Dash of White, and pumpkins have in common? Give up? It was North County's annual Harvest Ball. For those of you who are still a bit puzzled let me set the mood for you.

The Harvest Ball was to take place November 27 in our forum at 8:00. Many hours before the dance haybails and pumpkins were being arranged around the forum to set the mood for a perfect Harvest Ball. People started to arrive around 8:15; many came between 8:30 and 9:00 to make their grand entrance.

Students as well as teachers kicked up their heals to the sounds of Dash of White. They played all the latest hits on the chart which made the evening a success.

Well if your still in the dark about semi-formals and pumpkins, just take a look at the pictures; because every picture is worth 1,000 memories.

1. *Dash of White slows down the pace so everyone can get a little closer, closer.*
2. *Bob makes a grand enterance.*

"N.C."
"Ice Fallies"

The students boarded the buses at North County for their departer for an evening filled with thrills and chils. Yes chills from their nose to their toes. For this was the first Ice Skating Party of the year.

Some students learned how to skate for the first time; and many could already fly around the rink with ease. But the students weren't the only ones having fun at the Ice Skating Party, oh no, teachers joined in on the fun too. The fun of skating in chains, throwing snow balls and of course the best part of all, falling.

I'd say we owe a big thank you to Student Government for making this evening possible. I'm sure it will be an evening that many of us will remember long after we have graduated from North County.

11. Lets head'em up and move'em out troops.
12. Everybody wants to get into the picture now days.
13. No Jimmy your suppose to look were your going, not were you've been.

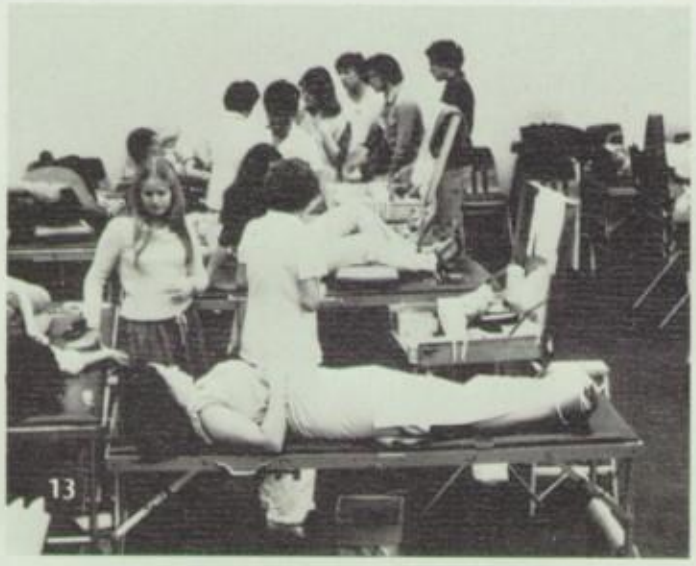
Mr. Forgette gets his blood rested before giving blood. 18. Not its not Frankenstein its Mr. Powlen. 19. Up gos your blood presure and down goes the nerve. 20. Custodians as well as students and teachers gave at the blood drive. 21. Now this won't hurt a bit.

"We Want Your Blood!"

I bet your wondering why North County would have a blood drive. Well it all started when Palma put an article in the paper challenging all the schools in the region 4 district "especially North County." And with this the race was off.

So Student Council got on the ball, and started passing around pamphlets to encourage the students to give a little and help a lot. Those who received the pamphlets had to be 17 years of age to give blood. So the majority of the doners were Juniors and Seniors, and of course teachers.

December 20 was the day of the Blood Drive or as many students had called it "dooms day." Pass slips were sent to all doners indicating what time they were to give blood. We had a turn our 144 people which matched and even beat Palmas count of 110 doners. Now that's Condor Spirit.



1. Jim roots on his horn. 2. Anticipation . . . 3. Snoopy stop by to say "HI!" 4. Ring my bell. 5. With 2nd place it's "BANDIT!" 6. Sherri sings like a Movie Star. 7. It's your turn Richard. 8. OOPS!

"N.C. Saw Stars"

North Country's Drama Club was at it again. They went out to search high and low for talent, not for a play, but for their 2nd annual "Talent Show" and talent they did find.

There was singing, bands, and even dueling bells. It was a fantastic evening complete with two great M.C.'s, Richard Wildt and Kim Kiner, and the heart of the Talent show Ms. Morgan. Songs were sung by Ms. Morgan and Kim for everyones listening pleasure which made the evening very special.

Now that your curiosity has been built up I'll tell you the results of th evening; 1st place was Karen Lizardo and Marilyn Perham, 2nd place, "Bandit" with Chris Green, Tony Hunt, Laren Lizardo, Tami McBroom, Kevin Silviera, and 3rd place, John Dickinson.

If you didn't see the talent Show you missed a great show. Because there's no business like show business.

Free Fare

Come one come all Free Fares in town. Free Fare is a band thats on tour around the states doing concerts for different high schools. They dame to our school to do a concert. and the results were a turn out of 700 people in our N.M.C.H.S. forum on a Saturday Night.

Free Fare came to our school to show the students just exactly what they're all about. And they showed us just that during an assembly the Thursday before the concert. They played different types of music and a "Star Wars" skit which involved some students and teachers.

After this assembly the tickets for the Free Fare concert were selling like hot cakes. In other words the concert was just about too hot to handle. But North County Students handled it with ease.

The doors opened at 7:00, and every one was in and standing around waiting for the concert to start at 7:30, yes, everyone had to stand because there were no chairs.

As the night jammed on the music got louder and the people got Rowdier. Which means that it was an evening filled with laughs, fun, and Rock N Roll!

14. La La La Laaaaa!
15. Babe I love you . . .
16. A sample of Free Fare jamming.
17. Free Fare, Free Fare, Free Fare . . .

"Leap Year Dance"

When you have 50 frogs in a Disco only once a year what do you have? Give up? Of course its a Leap Year Dance! Still don't understand. Well neither did I until I went to North Country Express' Leap Year Dance. What, you didn't go? Well just relax and I'll put you right through the door and out on the dance floor.

Okay here it is Feb. 29th its 8:00, your all dressed up and ready to make and entrance at the dance. You walk in, give Ms. Parrerson your ticket, and from there on its A-C-T-I-O-N with a capital A. Yes Action!!

Everyone was dressed to a T, and out on the dance floor dancing to the jams put on by D.J. Dubba C. Scott. Dubba came during lunch to give every a tastes of what the dance would be like. And it looked like everyone liked what they heard and saw, because the dance floor was nothing less than Packed!

As the lights kept flashing the students kept dancing neither seem to get tired. But for those who were tired and in need of refreshments they were in luck. N.C. Express came prepared with soft drinks, thank I needed that. And for those who wern't tired Dubba had a dance contest. Couples were judged by and eliminated by Dubba. The winners were Val and Nancy. And you can bet they were great!

Just for the record I didn't see any Disco Frogs, but I sure saw a lot of cool Condors, who knew just exactly what a Leap Year Dance was all about.

Seniors Night

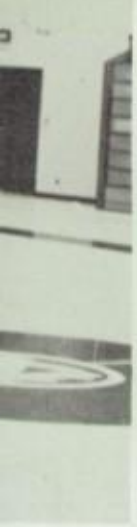
Teachers vs. Seniors- that's what the Senior Spectacular was all about.

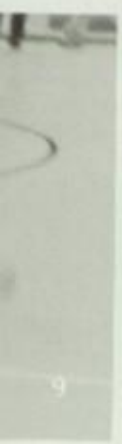
The evening began with a pot luck dinner provided by the Senior class members.

About fifty Senior class members competed in volleyball and basketball games against the faculty. The faculty beat the Seniors in volleyball but the Seniors stomped the faculty in basketball.

It was a night of fun and fraternity for everyone.

*1. "Don't you dare!" 2. Seniors eat before the games. 3. Mr. Holmes puts it up for the extra point. 4. Teachers **need** to warm up before the game. 5. Jump higher Irby! 6. Holly seems to see something to smile about. 7. Block him! 8. Glenn knows who the winners are. 9. Over the net!*





Wedding Bells

Fifteen couples were joined together in matrimony on Feb. 29, in Mr. Speckman's Marriage and Family Life Class.

Mates were chosen either by preference or by comparability tests. Each couple had to research the cost of weddings as well as plan their pretend ceremony.

The weddings were as realistic as possible. There were guests from other classes photographers teacher ministers, the wedding march and even a reception.

KSBW TV-8 covered the weddings and broadcasted one of them on the six o'clock news.

10. A smiling bride is a happy bride. 11. What did he say? 12. The ring won't fit Holly. 13. Shame on you Mr. Severson, I thought you were married. 14. That's the wrong ring. 15. SMMMMMACK!!! 16. Suprize! 17. ATTACK!

1. This can't be happening to me 2. Only 10¢? 3. "2.25" says money bags Richard. 4. My dream Master. 5. No way would I do that. 6. You want us to do what? 7. 10, 10, do I hear 15? 8. your Next! 9. I only have a dollar. 10. were next! 12. I wouldn't laugh if I was you.

Sold!

"Going once, going twice, sold!" Selling slaves is another one of the crazy ways that N.C. students raise money. No not a slave to have for life. But a "Slave for a day."

Male slave day was on Tuesday March 4 and the girls had their day on March 6. The slaves were auctioned off during lunch to the highest bidder. Slaves were sold in pairs or by themselves. But that wasn't the best part. The fun started the following Day.

The boys that were sold had to obey their masters every command. Even if it meant wearing a leashes. But the boys had their chance. Some girls had to wear dippers, another had a leash and made them carry their books. Everything your average slave would do.

Just as last years slave day, this years slave day was a success. So don't forget to bring your loose change next year, to buy your slave, or just yourself to be SOLD!!!!!!

"THE ACTORS"

The Actors-the classes. What is any production without actors? There would be lonely sets with out feeling. The actors produce the life in a musical. There are many different types of actors. There are those who have worked their way to the top. They've gone through the lesser jobs. They are the Seniors, the stars of our production. Of course, the other actors are just as important. The Junior understudies work closely with the stars to back them up at all times. The supporting players are the Sophomores. Their parts aren't as big, but just as important. The new Freshmen chorus is learning from the higher-ups how to be fantastic actors in the future.

Class of '80. Being the first class to graduate from our high school is no monumental accomplishment it is merely a happenstance. What is more important is being FIRST CLASS. . First class means an enthusiasm for our band and athletic teams, a sincerity for our education and honest friendship. We are first class. We will forever remember the fact that we were the first class to graduate, but when we get together 10, 20 or 30 years from now it will be much more rewarding to remember that we, the class of 1980, were FIRST CLASS . . .

Good Luck Always!

THE DIRECTORS

To Cindy
a good friend

The Directors the Faculty. In all musical productions, there are those who must follow and there are those who lead. They take the responsibility for creating our musical. These are the directors who aid us in our show. They are the ones who guide us, the actors, through the show when we need them most. Not only do they teach us and help us to learn in all areas, they set examples for us to follow. They give us different morals and values about life which helps us tremendously in building our futures. They play the key role in our struggle for success. But most important, the directors are friends to all actors. As actors, we salute our directors by saying "TO SIR WITH LOVE".

1

1. Seems that even teachers enjoy rallies, with a coke but where is the smile?
2. Mr. Duenas and Gilbert Cortez sit down to enjoy a nice cold drink after long hours of dancing.
3. Mr. Severson really gets into the making of faces while drawing X's.
4. Don't hold the ball just hit it over, demonstrated by Ms. Marks.

Seniors

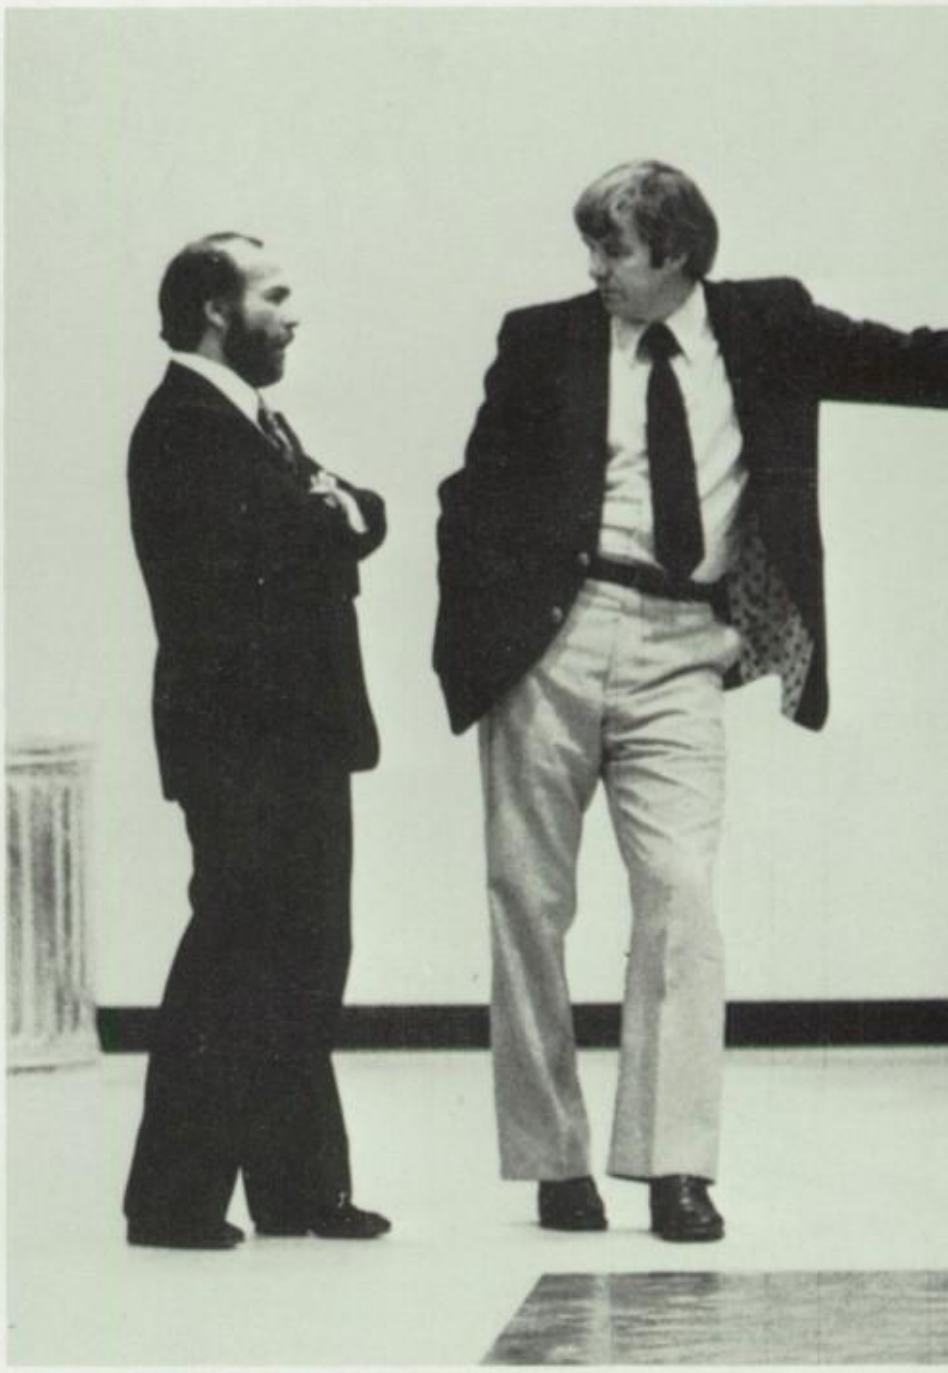
It is a real pleasure to commend you as the first graduating class at North Monterey County High School. The class of 80 will always be remembered for the many contributions it made to N.M.C.H.S. Many of you started here wishing you were able to remain at the high schools you had started in. However all of you quickly initiated, identified with, helped develop and remained loyal to the Condor spirit. Your leadership in student activities and the athletic program have helped build an attitude associated with a winner.

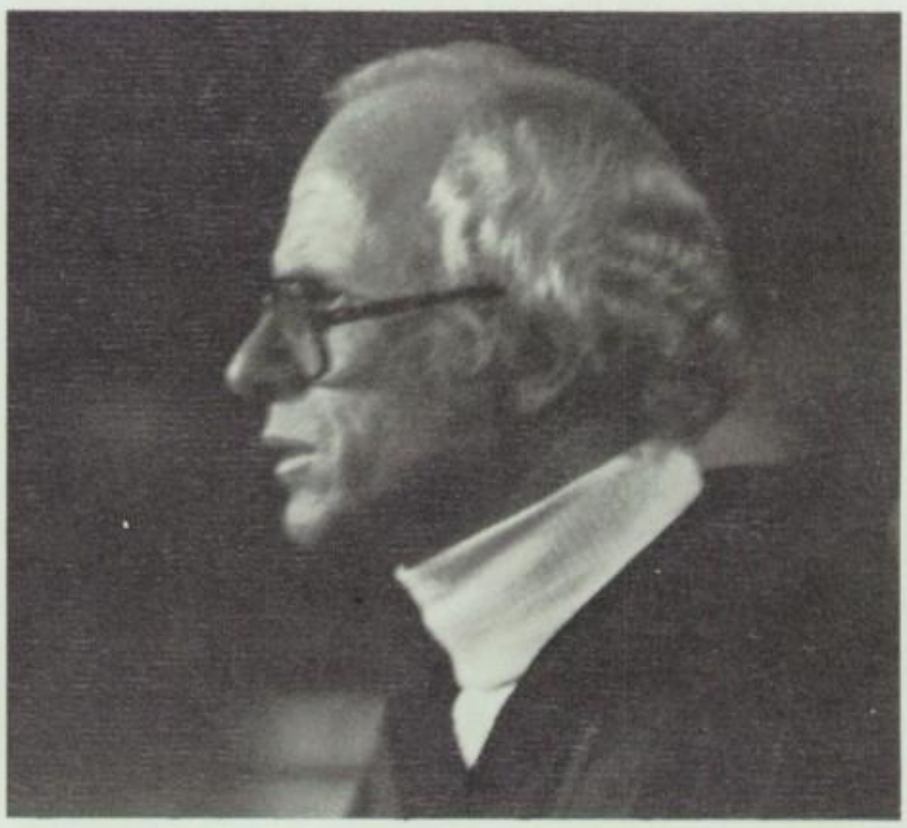
At various academic and athletic meetings I attend there are often complimentary statements about the success of our teams, but more importantly the attitude and behavior of our student body. Once again as the "old folks" of N.V.C.H.S., you the graduating Class of "80" set high standards in this regard that underclassmen now have as models for their behavior. I am proud to have been associated with you as a class and to have known many of you as friends. It goes without saying that when you walked across the stage in June my eyes were not dry.

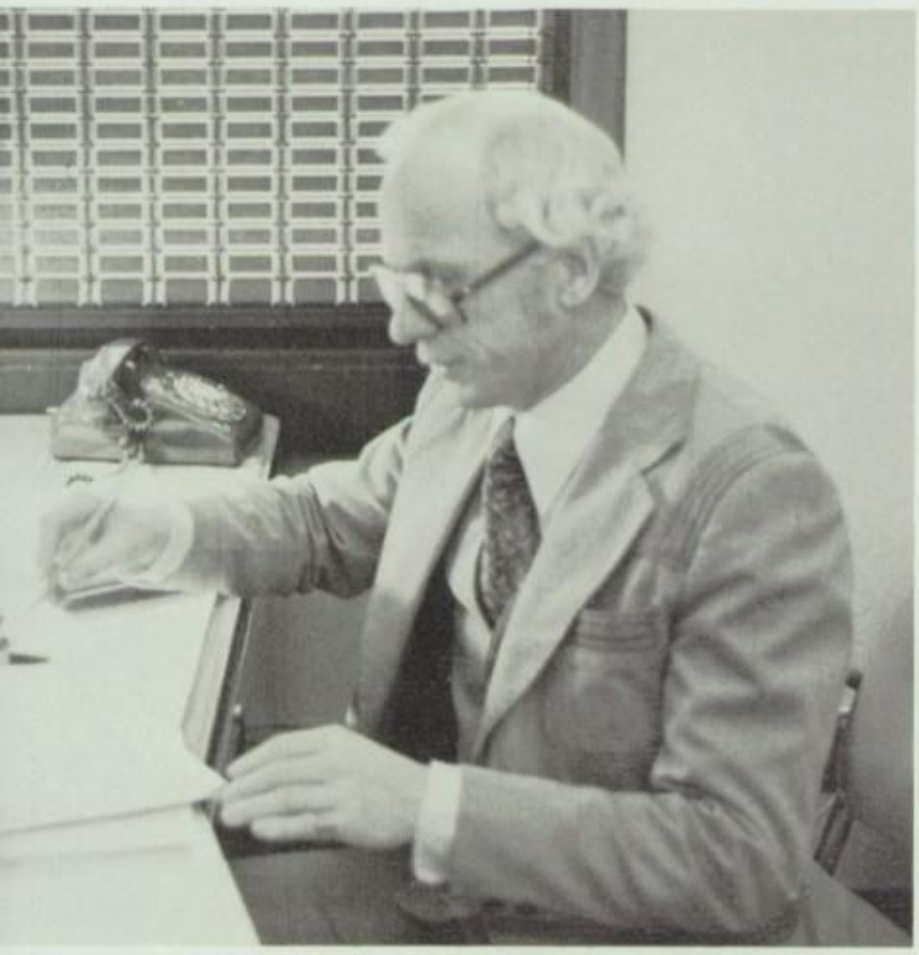
Good luck to all of you. Your parents should be proud of the sons and daughters they have raised. I will miss you.

Yours truly,

Gary Gerdhardt







Walt Holmes
Principal

You have the distinction of being the first graduating class from North Monterey County High School. ***NO ONE ELSE*** *can ever claim this honor.*

I hope that your experience here has helped you gain both academic and vocational skills. However, our main goal, as educators, has been to aid you in becoming a better human being so that you will be able to function as a responsible member of society. To this end, the school personnel have stressed punctuality, discipline, determination, and hard work so that you will be ready to meet all challenges when you are on your own.

It has been my pleasure to have worked with you for the past two years. I will sincerely remember the Class of 1980 as a very special group of people.

Remember: ***NOW'S YOUR CHANCE!***

Walt Holmes
Principal

Dale Favier
Director, Student Activities

There will always be a spot in our memories for the Class of 1980. You were the first. You set the tone for the classes that follow in your footsteps. Who will ever forget Gwen Bailey, the first Senior Class President, along with being the first yearbook editor and North County's first representative to Girls State, among other things. What about Lisa Greenawalt, our first ASB President who endured all of the problems of getting a workable system of Student Activities. And who will want to erase from our memories the first senior football players who guided the Condors to our first-ever championship and an undefeated season. Names like: Stan Claunch, Raul Castellanos, Don Harvey, Art Frolli, plus so many others, that provided thrills never to be equaled. Most people would say "First is Best".

This book captures the year of the Senior, with the first initiation, Richard Wildt emceeing the rallies in the Forum and the Gym, our basketball team providing thrills with only one senior, Morley Chamberlain; Dan Messick, Don Harvey and Joe McGinn helping the Condor Wrestling Machine win the Mission Trails Athletic League Championship; the Pep Band, Marching Band, our Choir and all Seniors in general. It was a great two years on the part of the Administration, faculty, and entire staff.

There may be more successful classes to follow the Class of '80, but for sure, no one class will quite be able to do what you did—create a place where everyone came together and made North Monterey County High School the envy of all of Monterey County.

Thanks to all of you.

Dale Favier

To Sir With Love

Those school girl days of telling tales and biting nails are gone,
But in my mind I know they will still live on and on,
But how do you thank someone who has taken you from crayons to perfume.
It isn't easy but I'll try,
If you wanted the sky I'd write across the sky in letters that would soar a thousand feet high To Sir,
With Love.

The time has come,
for closing books and long last looks must end
And as I leave I know that I am leaving my best friend,
A friend who taught me right from wrong,
and weak from strong,
that's a lot to learn
What! What can I give you in return,
If you wanted the moon I would try to make a start
But I would rather, you let give my heart To Sir,
With Love.

Those awkward years, have hurried by why did they fly away
Why is it Sir children grow up to be people one day,
What takes the place of climbing trees and dirty knees in the world outside
What is there for you I can buy,
If you wanted the world I'd surround it with a wall I'd scrawl
These words with letters ten feet tall To Sir, With Love.

THE SPONSORS

The Sponsors-The Advertisements

Musical productions are filled with essential parts to get them off the ground. Each separate part is important. But, some are not only important; they are more or less vital. The sponsors are quite important because they are the ones who provide the funds. These funds are used for props, costumes, and publicity, just to name a few. The sponsor's part is to back the production with funds because without financial backing our show would not be successful. Success is the key to their support. They have confidence in us to make our musical a great success. In the end, the sponsors realize how prosperous "TAKING CARE OF BUSINESS" can be!

THANKS
'80

To all the clubs, faculty, students and all persons involved who made the production of this book possible, we want you to know we appreciate your help.

A very special thanks goes to those on the staff for all their hard work and dedication. Janeice, Monica, and Shelly went above and beyond their usual duties. Beth and Sheri brought the sports section the coverage it deserved. Vivian made the organizations proud to be a part of this production. Peggy and Suzanna had all the activities seem as if they happened just yesterday. Janeice and Monica deserve high honors for letting the students cherish their memories of this year at North County. They should also be commended for their fine work on the senior section. Shelly should be recognized for her fine work on the faculty section. Kris will be remembered for her lively copy on the division pages. Stan, Paul, Jeff, James, John and Shawn captured all the action in their pictures.

We appreciate Mr. Dale Favier's support and dedication. We would like to thank the Cherry Lane Music Co. for letting us use their song "Looking For Space".
